Evil

Chastity Belt

I was born without teeth
Afraid of everything
Now everyone's afraid of me
I've become legendary

When you look in my eyes
What do you see?
A darkness has consumed my soul
And I've become

Evil, evil

They say I have no mercy
That I'm a savage human being
I wanna be good, I wanna be good, I wanna be good
But there's no good left in me

When you look in my eyes
What do you see?
A darkness has consumed my soul
And I've become

Evil, evil
