

O Claire

Cheap Trick

Bye bye, love, goodbye
See you on the other side
Bye bye, love, goodbye
I'll see you on the other side

Hurry on, home to bed
O Claire, you're much younger
Than I'd ever hoped to be

O Claire, it's so lonely when you're not there
Anyone can take me where
The places, they weren't there, O Claire

I hear your heart from here
But now you're much stronger
Than I'd ever hoped to be

I swear, gone a place beyond compare
So lonely when you're not there
I can step to watch and stare, O Claire

Just between the two of us
Something 'tween the two of us
Is more than just the two of us
Just between the two of us
O my love, goodbye
O my love, goodbye

Hurry on home to bed
Claire you're much stronger
Than I'd ever hoped to be

O Claire, the nights when you're not there
Is more than I can bear
Something only we can share, O Claire

Just between the two of us
Something 'tween the two of us
Is more than just the two of us
Just between the two of us
O my love, goodbye
O my love, goodbye

Bye bye, love, goodbye
I'll see you on the other side
Bye bye, love, goodbye
See you on the other side
Bye bye, love, goodbye

Just between the two of us
Something 'tween the two of us
Is more than just the two of us
Just between the two of us
O my love, goodbye
O my love

Bye bye, love, goodbye

See you on the other side
Bye bye, love, goodbye
I'll see you on the other side
