

## Right in the Middle of It

Chely Wright

They're either fallin' in or they're fallin' out  
That's the only kind of love you ever hear about  
But we're somewhere in between  
And it oughta go down in history  
'Cause love is alive with you and me  
And it's a real good place to be

'Cause we're right in the middle of it  
Yeah, right in the middle of it  
There's no fireworks and no big bouquets  
No hot romance on display  
But we don't think about breakin' up  
We're right in the middle of love

Yeah, all our friends wonder how we made it last  
We say we're lookin' at tomorrow and not the past  
No, they're never gonna make a movie 'bout us  
'Cause we don't have a Hollywood love  
The credits roll when a movie is through  
But there ain't gonna be an end to me and you

'Cause we're right in the middle of it  
Yeah, right in the middle of it  
There's no fireworks and no big bouquets  
No hot romance on display  
But we don't think about breakin' up  
We're right in the middle of love  
(2x)

We're just right in the middle of love  
We're just right in the middle of love
