I'll never forget those aimless years Street sounds swirling through my mind Trouble was often in the air So we fought to forget our despair

I'm a street player
And I'll play you a song
'cause you know, my heart & soul
Will carry, carry on
Carry on
Carry on
Carry on

City life's the only way Street corners and billiard halls was our home away Lessons learned still help me today

I'm a street player
I've seen it all
Hitmen, thieves and many a brawl
But as you see I still stand tall

It was such a small space in time I never knew that I would find A musical path for all to see Anxiety into ecstacy

I'm a street player
I'm a street player
I'm a street player
I'm a street player

I'm a street player
I've seen it all
Hitmen, thieves and many a brawl
But as you see I still stand tall

It was such a small space in time I never knew that I would find A musical path for all to see Anxiety into ecstacy

I'm a street player
I'm a street player
I'm a street player
I'm a street player
