It was so long, so long ago
It was so long, so long ago

With fins instead of hands

It was so long, so long ago
It was so long, so long ago
When fish crawled onto land
With fins instead of hands

It was so long, so long ago
It was so long, so long ago

It was so long, so long ago
It was so long, so long ago
When fish crawled onto land

We are, we are amphibious
We are, we are amphibious
We are, we are amphibious
We are, we are amphibious

We are, we are amphibious
We are, we are amphibious
We are, we are amphibious
We are, we are amphibious
