

Midnight

Chilliwick

Midnight
Midnight all across the sea
Midnight
Share my midnight fantasy
Set your sails out over the water
All you need is a wind and you got her
Everything is easy and together
Everything is coming clear
Even if the breeze is barely coming round
We'll sail away until the stars going down
Beauty of the silent ocean at night
Is going to take us a way

Midnight
Sailing the Midnight sea
Midnight
Midnight fantasy

Midnight
Come to me my Midnight girl
Midnight
Can't you hear me calling you
If I come I would always hold ya
In my mind to tide me over
Just to be on the rollin' water
It makes me feel so easy again
Even when I know it is just a fantasy
I can still feel the magic working on me
Beauty of the silent ocean at night
Is going to set me free

Midnight
Sailing the Midnight sea
Midnight
Midnight fantasy
