And too many niggas i fuck with fuck with male bonding is gay
A nigger be extra fly, I bet you never seen this before
Me and my niggers done already hit it you try to wife the hoe
We're making it hard for haters to breath
We're living the life that they wish they could
We're pulling their hoes with ease,
I've been bendin 100's around my hood
Strap on deck,
I had to say this saying slow,
so you know if niggers are tripping
I'm not in the crib, and I'm sending you bitches down below,

But my momma [?], we had it rough
Niggers hating at me, cause I have a little thing
These women don't wanna fuck me, they wanna fuck my name!

Now their boyfriends mad, they're going against the grain
