1. Lady love, go back to sleep,  
**B** **F**  
Dry the tears from your eyes,  
**D** **A**  
But I cannot stay with thee  
**C**  
Until the morning,  
**B**  
For the dawn is breaking,  
**D** **A**  
And my ship is waiting for me,  
**B**  
And I must go,  
**F**  
But I'll be back, yes,  
**B** **C**  
Before this year is over;
2. So we sailed across the sea,  
Till we found America,  
'Round the Cape of Storms  
We set our sails for home,  
And when the sea was roaring  
And the Lord I called  
To help my drowning men,  
I saw the light, yes,  
the candle in your window...
- F** **B**  
3. And I have brought you silver,  
And I have brought you gold,  
**F** **B** **D** **C**  
And spices from the Indies in the hold  
**F** **B**  
I've seen ships on the horizon,  
That I'd swear were going down,  
But now I know for certain,  
**D** **C**  
The world is round,  
**B** **C** **F**  
I have seen, my eyes have seen.
4. One day says Galileo,  
A man will reach the sky,  
And see the world completely, from outside,  
And gazing down from yonder,  
On a world of blue and green,  
He'll say with eyes of wonder,  
I have seen, I have seen,  
My eyes have seen.  
**B**  
I have seen,  
**D** **D**  
My eyes have seen.
