

## Blue Spanish Sky

Chris Isaak

It's a big blue spanish sky,  
Lay on my back and watch clouds roll by.  
I've got the time to wonder why,  
She left me.

It's a slow sad spanish song,  
I knew the words but I sang them wrong.  
The one I love has left and gone,  
Without me.

Now she's gone, our world has changed.  
Watching a blue sky, thinking of rain.

It's a slow sad spanish song,  
I knew the words but I sang them wrong.  
The one that I love has left and gone,  
Without me.

It's a big blue spanish sky,  
I Lay on my back and watch clouds roll by.  
I only wish I could make you cry,  
Like I do.  
Like I do.  
Like I do.
