

Album Intro

Chris LeDoux

This road that I've chosen it's a road that few have traveled
But there's good times with the hard times along the way
And this life that I'm livin' God knows that I love it
And I like to share it with you if I may
So I write my songs of life as I know it
And I sing them for everyone to hear
And in my songs I hope you understand just a little
What it's like to be a rodeo man
