

Happy Holidays

Chris Mann

Lights are twinkling, drinks are drinkin', got me thinkin'
It's that happy time of year again
And I'm so glad it's here again
Music playin', Santa's sleighin', I'm just sayin'
It's that happy time of year again
And I'm so glad it's here again
Friends are here and, joy and cheer and feel that spirit
The only thing that I got left to say is

Happy holidays to you
Happy holidays to you
Happy holidays to you
Happy holidays, happy holidays to you

Snow is fallin', jingle ballin', family callin'
The record player's singing I'll be home
It feels like I've been gone so long
Friends are here and joy and cheer I feel that spirit
The only thing that I got left to say is

Happy holidays to you
Happy holidays to you
Happy holidays to you
Happy holidays, happy holidays to you

Oooo Oooo Oooo
Happy holidays, happy holidays

Oooo Oooo Oooo
Happy holidays, happy holidays
And I'm fond of saying
Happy holidays to you
Happy holidays to you
Happy holidays to you
Happy holidays, happy holidays to you
