

# All Summer Long

Chris Rea

**Am G**  
I got my wheels  
**Fmaj7 G**  
I got my clean shirt  
**Am G Fmaj7 G**  
I've got enough to get me where she'll be  
**Am G**  
Skin is burning  
**Fmaj7 G**  
The heart's on fire  
**Am G**  
Take my own dream  
**Fmaj7 G**  
To the sea  
**Am G**  
All I know is  
**Fmaj7 G**  
She will be there  
**Am G**  
Turn it up  
**Fmaj7 G**  
Turn it on  
**Am G Fmaj7 G**  
All summer long

**G**  
Turn it up  
  
Look ahead  
There's nothing but blue sky  
Kiss the rain  
And laugh as it goes by  
Learn to smile  
While everyone else cries  
Sing this song  
All summer long  
All summer long

**G**  
Turn it up  
  
I've been waiting  
Through the winter  
I've been dreaming  
Of this day  
All I know is  
She will be there  
Turn it up  
Turn it on  
Turn it up  
Turn it on  
All summer long
