

# Baby Come Home

Chris Rea

Baby come home  
Can't sleep without you  
Baby come home  
Oh, you know that I care  
I need this feeling  
Like I need a hole in the head  
If life is without you I would rather be dead  
Oh baby come come  
Yeah baby come come

Oh the morning light is creeping  
Across the cold bedroom floor  
I need to hear somebody  
Walking gently through my door  
Baby, please, baby  
Please hear what I say  
Oh I'm gonna be a good boy  
I won't lose it no more no way  
I'm singing, baby, baby please come home  
Oh I can't live without you  
Baby come home  
I gotta have you hear  
Baby come home  
Baby please come home
