

Catfish Girl

Chris Rea

Oh catfish girl
Make me feel so fine
Yeah, catfish girl
Always pulling on my line
When I see her smiling face
It get me every single time

Oh catfish girl
I miss you, Lord I feel so blue
Oh catfish girl
In every little thing that you do
Catfish girl
I only want to be with you

Oh catfish girl
I miss you, Lord I feel so blue
Catfish girl
In every little thing that you do
Oh catfish girl
I only want to be with you
