

Walkin' Country Blues

Chris Rea

Well, I'm looking for the boss man
Maybe give some work to me
Yeah, I'm looking for the boss man
Maybe give some work to me
Trouble is I keep finding
They want you to work for free
Keep on walking, keep on walking country blues

I got two strong arms, mister
They won't let you down
I got two strong arms, mister
They won't let you down
But the boss man say, ain't no work around
Gotta keep on walking
Keep on walking country blues

Well, papa was a slave, it was all he ever knew
Well, papa was a slave, it was all he ever knew
They tell me that I'm free
But I ain't got no work to do
Keep on walking
Keep on walking country blues
