

Good as It Gets

Chrisette Michele

I've been searching all day long
And I know I'm in love
I got all my silky reds
And I throw out my phone

Something in the US air
Has me all in fog
I can't seem to find the words
But they're deep in my heart
But heavy is the heart

So if this is as good as it gets
I'm not gonna have no regrets
They will get what they get
I'm out of feelings to give
Hope you can feel love in you
Truth is, truth is I've sung it all

There's a time for sweet or tame
We can pick either or
There's a time for only peace
And a love for war

Something in the US air
Has me all oh my God
I can't seem to find the words
But they're deep in my heart
But heavy is the heart

So if this is as good as it gets
I'm not gonna have no regrets
Lyrics will get what they get
I'm out of feelings to give
Hope you can feel love in you
Truth is, truth is I've sung it all

(Good as it gets) What do you expect from me
(Good as it gets) I love like you love
(Good as it gets) I love how it breaks
(Good as it gets) I feel you, this is as good...
(Good as it gets) I will not have regrets

They'll get what they get
I'm out of feelings to give
Hope you can feel love in you
Truth is, truth is I've sung it all
