

# I'm Okay

Chrisette Michele

Time don't stop and wait for pain  
Pain does fade away in time  
Guess it all was just a game  
When you gave your heart and I gave mine

I'm okay (I'm okay)  
I'm just fine  
We fade away, hardly crossed my mind

I'm okay (I'm okay)  
My memories, they comfort me  
Thoughts of what we used to be

Must admit you had me fooled  
The love felt real, I can't deny  
I really wish I did not know the truth  
So I could go back to that lovely lie

And it only hurts when I breathe (only hurts when I breathe)  
I can't feel it til I take a breath (take a breath)  
And I'm holding on to these false memories  
Cause that's all, all that I've got left
