Can I live my life?

Can't go left, can't go right
Either way, it's a fight
Underneath, judgement lies
Haters watching me, wanna catch me slip
Yeah, I'm back with my old new
Yeah, your 'Gram comments be rude
I still get more likes than you
Delete that H, hater, block that B
I'm public, so it get like this

Yeah, I live my life
I live it like it was my last one
Yeah, we getting down with

Too blind to watch my mouth
Right hand, going south
Don't pull me out on front street, leave my home alone for crazy
Got me always on my man and now we walk alone
We cool, we rich, we got it all
He had it all, I added more, you want it, don't act like you don't
Weeds outside in my garden, made me casting these stones, rich hipster life
