

## Silent Night (Holding Us Now)

Christy Nockels

Silent night, holy night  
All is calm, all is bright  
Round yon virgin mother and child  
Holy infant so tender and mild  
Sleep in heavenly peace  
Sleep in heavenly peace

On a starlit wonder of the night  
You came so all would be made right  
And the baby that all beheld, the same baby Mary held  
Is the same God who is holding us now

Silent night, holy night  
Son of God, love's pure light  
Radiant beams from thy holy face  
With the dawn of redeeming grace  
Jesus Lord at thy birth  
Jesus Lord at thy birth

On a starlit wonder of the night  
You came so all would be made right  
And the baby that all beheld, the same baby Mary held  
Is the same God who is holding us now

Oh the baby that all beheld, the same baby Mary held  
Is the same God who is holding us now

Silent night, holy night
