

Street Lights

Chromatics

Street lights flicker just for me
Wake up, falling in a dream
Street lights
Wake up, secrets from the dead
(I'm light as a feather)

Street lights flicker just for me
(Nothing lasts forever)
Wake up, falling in a dream
(I'm light as a feather)
Street lights
(Nothing lasts forever)
Wake up, secrets from the dead
(I'm light as a feather)

Street lights
Wake up
Street lights
Wake up, secrets from the dead
(I'm light as a feather)

Street lights flicker just for me
(Nothing lasts forever)
Wake up, falling in a dream
(I'm light as a feather)
Street lights
(Nothing lasts forever)
Wake up, secrets from the dead
(I'm light as a feather)

(Nothing lasts forever
I'm light as a feather
Nothing lasts forever
I'm light as a feather)
