

(At The) Discotheque

Chubby Checker

Come along come on with me
To a place just down the street
Where the kids are movin', dancin', groovin'
To the uptown beat of the discotheque
At the discotheque
At the discotheque

Do what you wanna do
Be what you wanna be
Get yourself out of that dull routine

Got no time no worry hurry
Everybody's there
Laughin', singin', dancin', swingin'
Music fills the air
At the discotheque
At the discotheque

Go where the action is
That's where the incrowd lives
Do what you never did before

Off in a corner
A table for two
Soft lights above
Music for love
A boy and a girl
A brand new world

Everything's gonna be alright
Tonight's gonna be the night
Cause you're gonna be there too
And I'm gonna be with you
And we're gonna dance all night
And I'm gonna hold you tight
Everything's gonna turn out right
And ya gonna be mine
At the discotheque
At the discotheque
At the discotheque
At the discotheque
At the discotheque
At the discotheque
At the discotheque
