

## Falling in Love

Cigarettes After Sex

When I hold you close to me  
I could always see a house by the ocean  
Last night I could hear the waves  
As I heard you say, "All that I want is to be yours"

Falling in love  
Falling in love  
Deeper than I've felt it before  
With you, baby  
I feel I'm falling in love with all my heart

Back when you were far away  
We would go on dates to watch the same movie  
And you were imagining sitting next to me  
Holding my hand for the whole thing

Falling in love  
Falling in love  
Deeper than I've felt it before  
With you, baby  
I feel I'm falling in love with all my heart

Falling in love  
Falling in love  
Deeper than I've felt it before  
With you, baby  
I feel I'm falling in love with all my heart
