Step Inside Love

Step inside love Let me find you a place Where the curse of the day Will be carried away By the smile on your face We are together now and forever Come my way Step inside love and stay Step inside love Step inside love Step inside love I want you to stay You look tired, love Let me turn down the light Come in out of the cold Rest your head on my shoulder And love me tonight I'll always be here if you should need me Night and day Step inside love and stay Step inside love Step inside love Step inside love I want you to stay When you leave me Say you'll see me again For I know in my heart We will not be apart And I'll miss you till then We'll be together now and forever Come my way Step inside love and stay Step inside love I want you to Step inside love You know I do Step inside love I want you to stay
