

That Girl Should Be Me

Cimorelli

Hey! Hey!
Wee-e-e-e-e, we had plans tonight,
But you-u-u-u-u cancelled on me for the third time
I'm stuck, thinking about you
I don't... don't know what to do
Look what... you're putting me through,
You're putting me through
Then I see your car driving by my street
Who's that girl in your passenger seat?
Yeah, yeah yeah!
Tell me why can't you see, baby we're meant to be
Got your music up so loud, boy that you can't hear me
Now I'm walking down the street like it's a runway,
I'm on a mission like double 0 7
Can't you see, you're with the wrong girl baby? Baby!
That girl should be me
Woah-h-h-h-h-h
I gotta make you see
Woah-h-h-h-h-h
That girl should be me
I-I-I-I-I, Guess I'll just stop thinking about you
Woah, oh wait, that's impossible
I'm stuck, wishing I'm with you
I don't, don't know what to do
Say what, say what you want to
Say what you want to
Since I saw your, car driving by my street
Who's that girl in your passenger seat? Yeah!
Tell me why can't you see, baby we're meant to be
Got your music up so loud, boy that you can't hear me
Now I'm walking down the street like it's a runway,
I'm on a mission like double 0 7
Can't you see, you're with the wrong girl baby? Baby!
That girl should be me
Woah-h-h-h-h-h
I gotta make you see
Woah-h-h-h-h-h
That girl should be me
I gotta make you see
I'm gonna make you see
Yeah, tell me why can't you see?
Got your music up so loud (so loud)
That you can't hear me!
Woah-h-h-h-h-h, I gotta make you see
Woah-h-h-h-h-h, That girl should be me!
Now I'm walking down the street like it's a runway,
I'm on a mission like double 0 7
Can't you see, you're with the wrong girl baby? Baby!

That girl should be me
Woah-h-h-h-h-h, I gotta make you see
Woah-h-h-h-h-h, That girl should be me
Woah-h-h-h-h-h, That girl should be me
Woah-h-h-h-h-h, That girl should be me
