

# I'll Stand

Cindy Morgan

How to begin is more than I can plainly say  
From where I have been  
I know You carried me all the way to this place  
Oh Lord, I feel I want to somehow say this for You

As long as I stand  
I'll stand with You against the rages of man  
Through changing sand with all that I am  
I'll praise the rock that saves the souls of man  
Forever, I'll stand

How can it be, it's taken all this while to see  
Just what it all means  
But now I understand that it was  
That it was all about You

As long as I stand  
I'll stand with You against the rages of man  
Through changing sand with all that I am  
I'll praise the rock that saves the souls of man  
Forever to praise you, I'll stand

And I can't say just what the future holds  
Or what will come one day  
But I believe that heaven hold the ones  
Yes, the ones who will stand and say

I'll stand with You against the rages of man  
Through changing sand with all that I am  
I'll praise the rock that saves the souls of man  
Forever, I'll stand

I'll stand with You against the rages of man  
Through changing sand with all that I am  
I'll praise the rock that saves the souls of man  
I'll stand, I'll stand

I'll praise the rock that saves the souls of man  
Forever, forever I'm gonna praise you, I'll stand
