

# Love's Still Love

Cindy Morgan

We've fooled ourselves  
Questioning our hearts  
Love takes the blame when life falls apart  
But love still survives  
Patiently and kind  
When reason fails, god creates the rhyme

So love's not what we thought it was  
But in spite of us, heaven's love is faithful

Love's still love  
Though we turn it around  
Though we try to dress it down  
Can't change love  
Love's still love  
Yeah, we've got to believe  
Oh, in Jesus love will be  
Love's still love  
Love will endure  
Love believes in you  
Always forgives, always is true  
Love knows no wrong  
Always understands  
It heals the heart  
Given half a chance

So love's not what we thought it was  
In spite of us, Heaven's love is faithful  
Love's still love  
Though we turn it around  
Though we try to dress it down  
Can't change love  
Love's still love  
Yeah, we've got to believe  
Oh, in Jesus love will be  
Love's still love  
Love's still love  
Though we turn it around  
Though we try to dress it down  
Can't change love  
Love's still love  
Yeah, we've got to believe  
Oh, in Jesus love will be  
Love's still love  
Feel like dancing  
When His heart touches mine  
Heals my spirit  
Oh, love divine  
Love's still love  
Though we turn it around  
Though we try to dress it down  
Can't change love  
Love's still love  
Yeah, we've got to believe  
Oh, in Jesus love will be  
Love's still love  
Love's still love

Though we turn it around  
Though we try to dress it down  
Can't change love  
Love's still love  
Yeah, we've got to believe  
Oh, in Jesus love will be  
Love's still love
