

# Blasphemy

Cinema Bizarre

God is dead  
When someone fills your heart instead  
Your soul's on fire all your needs  
How can they call it blasphemy

Love is nature  
So you're praying for salvation  
For the hearts to understand

That is you  
My new religion is you  
They say this love is blasphemy  
It is blasphemy-It is blasphemy  
But my new religion is you

Faith is crime  
When all you love is one the line  
Your script's bleeding  
Incomplete and blamed for immorality

Love is nature  
So you're braking with tradition  
In this godforsaken land

That is you  
My new religion is you  
They say this love is blasphemy  
It is blasphemy-It is blasphemy  
But my new religion is you  
That is you

Blasphemy-god is dead-blasphemy

That is you  
My new religion is you  
They say this love is blasphemy  
It is blasphemy-It is blasphemy  
But my new religion is you  
That is you
