

# Child of the Desert

Circa Survive

Was it all burdened with sin  
Searching like a child in the night  
Trust in me, no one here could see  
I would never lead you astray

Oh, all is lost,  
All will be returned in the end  
Oh, all we have  
All we have is somewhere to begin

Nesting in the thorn bush,  
Blowing in the breeze  
Calculate the pattern  
That is causing my disease  
Child of the desert,  
Never had a name  
Climax on the concept of eliminating pain

Take it in underneath the sun  
Washed into the surface of your skin  
Don't believe,  
Time will help you see  
I would never lead you astray

Oh, all is lost,  
All will be returned in the end  
Oh, all you save  
Dare I say, just give it away

Give it away,  
Give it away

Lurking in the shadows,  
Nurtured in the dark  
Rise above the surface to  
Eliminate the spark

Wild like a daydream,  
Soon to be erased  
Searching for the moment  
To evacuate the race

Nesting in the thorn bush,  
Blowing in the breeze  
Calculate the pattern  
That is causing my disease  
Child of the desert,  
Never had a name

No one here will ever be the same

Not sure how to make it real  
How to take my time, how to come alive  
I don't want to feel a thing  
I don't want to know, I don't wanna  
I don't want  
I don't want to take my time

Make it come alive, make it come on
