## **Atom Smasher**

## **Cirith Ungol**

Welcome to the brave new world The Future's here, or haven't you heard? The sons of man have fell from grace Till the Smasher comes to save his race

Here it comes, there it goes Just a flash in the sky Atom smasher, here he comes Better run for your lives

He is the hero of the atom age
Born in a test tube raised in a cage
A reaver King his throne defiled
Roaming the streets to the call of the wild

As upstarts strive to rule the world Against them Chaos legions hurled The Smashers force has swept the land Again begins the Dawn of Man
