

State Line

Civet

I'm not gonna lie to you
I'm not gonna hurt you
I'm not gonna use you, you've got to believe me
I'm just gonna let you live
& we'll both make it big
& I'll see you on the state line

Wake up (see what you're doing to me)
Sugar (leave me or let me be)
I'm special, but am I enough?
To be there when times get tough?

I know you know what I believe in
I know you know what I'm thinking
How am I gonna raise children in these times
You seem so far away, but there will come a day
When I'll be there right by your side
The state line
