## **Anybody Out There**

## **Civil Twilight**

In the cold of the night The fire burns bright You long for the unseen

On the edge of the sea Your thoughts run deep You long for a place you've never been

Is anybody there?
Is anybody there
You cry to the full moon

As your thoughts run wild Like the thoughts of a child You wonder if you'll be there soon

I say, slow me down, slow me down
I want to hear the sound, slow me down

Is anybody out there?
Is anybody out there?
Oh, is anybody out there?
Is anybody out there?

I sing, is anybody out there? Is anybody, anybody

Here I stand Letter in my hand The letter that you sent to me

But as I turn each page Like the turning of a wave I feel you turning me

And I sing, slow me down, slow me down I want to hear the sound, slow

Is anybody out there?
Is anybody out there?
Oh, is anybody out there?
Is anybody out there?

Oh, is anybody out there? Is anybody, anybody

I don't know anything no more
I don't know anything

Is anybody out there? Is anybody out there? Is anybody out there? Is anybody out there?

Oh, is anybody out there? Is anybody out there? Is anybody out there?

## Is anybody, anybody

I can hear the strings I can hear the strings

I can hear the strings
