

# La Coimhthíoch Fán Dtuath (a Strange Day In The Country Side)

Clannad

The kingdom of stone is on the wild and distant rolling hills  
Solitary land stands alone and silence fought

And look into the dark and endless skies  
And hear the clouds fly the angels sigh

Sweet water cool on a world it feels like paradise  
Ten spirits more lay illusion on my mind

And look into the dark and endless skies  
And hear the clouds fly the angels sigh

It's strange day in the country
