

Feels So Right

Clay Walker

Whisper to me softly, breathe words upon my skin
No one's near and listenin', so please don't say goodbye
Just hold me close and love me, press your lips to mine
Hmm, feels so right, feels so right

Lying here beside you I hear the echoes of your sighs
Promise me you'll stay with me and keep me warm tonight
Just hold me close and baby, love me, give my heart a smile
Hmm, feels so right, feels so right

Your body feels so gentle and my passion rises high
You're loving me so easy, you're wish is my command
Just hold me close and darling, love me and tell me it won't end
Hmm, feels so right, feels so right, feels so right

Ah, you know you feel so right, baby
Feels so right, feels so right
You feels so right, feels so right
Feels so right
