

We are at virtual loving time  
and i am thinking what a mass  
all i want from you baby it's just a little dance  
i know the world we are living in  
all this things we do  
you want me i want you you hold me you love me  
now now let me out i want to take you in my arms and i  
want to feel  
now you dance with me come to in my arms  
now i set you free i want to look in to your eyes to  
see the magic  
now now come on out futuristic dance yeah

We are at virtual loving time we are moving moving  
moving  
and the future will make me into a fusion girl

I know the world we are living in  
all this things we do  
you want me i want you you hold me you love me  
now now let me out i want to take you in my arms and i  
want to feel  
now you dance with me come to in my arms  
now i set you free i want to look in to your eyes to  
see the magic  
now now come on out futuristic dance yeah

All this time our love is making you and i your kiss  
and your breath turn me on turn me on... now~

Now now let me out i want to take you in my arms and i  
want to feel  
now you dance with me come to in my arms  
now i set you free i want to look in to your eyes to  
see the magic  
now now come on out futuristic dance yeah
