

Speechless

Clazziquai Project

Your skin your breath and I touch you with your thousand
memories
and I feel your song smoothly into my ears can't take my
eyes away from you

I'm speechless I gotta get to you and take your hands and
kiss

I'm so sad and blind I feel no goal and where is my soul
and sense

I'm speechless I gotta get to you and take your hands and
say

I'm so lost but feel I make no sense and still cannot do
anything

You live without me and then my pain deep into my body
and soul
and I cry so loud to send my mind away please wake up and
then take my hand

I'm speechless I gotta get to you and take your hands and
kiss

I'm so sad and blind I feel no goal and where is my soul
and sense

I'm speechless I gotta get to you and take your hands and
say

I'm so lost but feel I make no sense and still cannot do
anything
