What's the price of love got to do with love  
What's the price of love got to do with much  
All I know is what I'm told

Did you ever think to feel  
Love and pain can be this real  
You and I both know  
It's a dangerous game with a dangerous name  
Sometimes we are all alone  
Realize the things we've done  
You and I both know  
We've been hurt before but we'll pay the price once more
