

Fall in Love with You

Cliff Richard

Fall in love, fall in love, fall in love with you
Fall in love, fall in love, fall in love with you

Fallin' in love again, fallin' in love again
Why couldn't I, why shouldn't I fall in love with you
Why must you lead your heart and keep we two apart
Why couldn't I, why shouldn't I fall in love with you

Mm mm, mm mm
Don't tell me, I know
It's late, our date
Is almost over, it's time to go

Please, give me one more chance, this is my first romance
Why couldn't I, why shouldn't I fall in love with you

(Fall, Fall, Fall)

Mm mm, mm mm
Don't tell me, I know
It's late, our date
Is almost over, it's time to go

Please, give me one more chance, this is my first romance
Why couldn't I, why shouldn't I fall in love with you

Fall in love, fall in love, fall in love with you
Fall in love, fall in love, fall in love with you
