

Schoolboy Crush

Cliff Richard

(Whistling tune...)

Baby doll, when we graduate
You will still be my steady date
You're not just a schoolboy crush
(No-no-no)

Baby doll, when I hold you tight
Can't you tell, when we kiss goodnight
You're not just a schoolboy crush
(No-no-no)

At the candy shop, at the record house
Or the drive-in show
When you're close to me
You're the most to me
Oh woh oh woh woh woh

Baby doll, what a thrill I feel
Love you so, I just know it's real
You're not just a schoolboy crush

(Oh no, my baby doll) When I hold you tight
(Can't you tell) umm when we kiss goodnight
You're not just a schoolboy crush

At the candy shop, at the record house
Or the drive-in show
When you're close to me
You're the most to me
Oh woh oh woh woh woh

Baby doll, what a thrill I feel
Love you so, I just know it's real
You're not just a schoolboy crush
(No-no-no)

You're not just a schoolboy crush
