

# Seamless Boogie Woogie

Clinic

All in good time  
The place that we find  
The place you define  
With your love  
With your love

A house that we built  
Built to the brim  
On multi-coloured stilts  
With your love  
With your love  
And with your love

I, so I  
Saw

You're beautiful  
You're beautiful  
You're beautiful  
You're beauty

Safe in our den  
The place that we meant  
The place your defend  
With your love  
With your love

And roll out the joke  
A time you disown  
The time still unfolds  
With your love  
With your love  
And with your love

I, so I  
Saw

You're beautiful  
You're beautiful  
You're beautiful  
You're beauty

Ah well you would  
Ah well you might  
Ah well who would  
Ah well you might  
With your love  
With your love

A house that we built  
Built to the brim  
On multi-coloured stilts  
With your love  
With your love  
And with your love

I, so I

Saw

You're beautiful

You're beautiful

You're beautiful

You're beauty
