Broken Soul

Close To Home

The night fell into me when we met No feeling can with stand The way I felt when she took my hand She only knows what emotions When truth comes to an end A broken soul inside my hands Broken soul inside my hands

People tell me I will be fine Everything will work out in time This is for the best I know. I know. I cried for you when you said goodbye You lost a love that cost me my life

The truth in every lie You fall for every time If I were you I wouldn't live that way Have you forgotten how to love Knowing there is someone up above That's not what I have heard There's a broken soul on my hand

People tell me I will be fine Everything will work out in time This is for the best I know. I know. I cried for you when you said goodbye You lost a love that cost me my life My life My life

But you stole this world away People tell me I will be fine Everything will work out in time This is for the best I know I know I cried for you when you said goodbye You lost a love that cost me my life
