

Back It Up

Clyde Carson

Mustard on the beat, oh

I got you feelin' right at home (right at home)
Like you been lonely
Cup filled up with ice
It's goin down, but what's wrong with me?
All ma niggas brought the bottles out
Yeah we kinda spend
She wanna know what I'm talkin bout
If I could let her in
Be yourself ho'
Just let yourself go
California niggas rollin up the best smoke
Ma collar up with some friends and a fresh coat
All I know is fly shit
Let yourself go

Don't be afraid to jump off
Where you come off
I can tell you wanna go in
Pardon the way I come off
Way you back it up on me
Make a nigga wanna go ham

Ain't no kissin in the club drippin love
Let me see you back it up
I'm a hot boy, I got cash money
Go'on back that ass up
Well if you're willing to come and play (well let's gooo)
Well if you're willing to come and play (got them panties coming off)

Double cup, Fill em right
Two litre, Dirty sprite
She know how to move the way I like
I know what to do, won't let her slide
Couple photos now, the way it's going down
I know you wanna cash it tonight
Just wait till the Patron go down
Champagne go round
As far as drugs baby I got your vice
Whatever need, as we proceed
Do it big like Little Cease, bless without the sneeze
Bread extra cheese, stylin on em
Look in her eyes, ready to wild on em

Don't be afraid to jump off
Where you come off
I can tell you wanna go in
Pardon the way I come off
Way you back it up on me
Make a nigga wanna go ham

Ain't no kissin in the club drippin love
Let me see you back it up
I'm a hot boy, I got cash money
Go'on back that ass up
Well if you're willing to come and play (well let's gooo)

Well if you're willing to come and play (got them panties coming off)

Got them panties coming
Got them panties coming
Got them panties coming off
Got them panties coming
Got them panties coming
Got them panties coming off
Back that thing, back that thing up
Back that thing, back that thing up
Back that thing, back that thing up
Back that thing, back that thing up
Got them panties coming off

Ain't no kissin in the club drippin love
Let me see you back it up
I'm a hot boy, I got cash money
Go'on back that ass up
Well if you're willing to come and play (well let's gooo)
Well if you're willing to come and play (got them panties coming off)
