

Why Not

Clyde Carson

I had to make up for the lost time
I had to make sure that I am here to stay
Thankful that I got drive
I wake up like it's hayday
Roll the riches, trust the vision, follow suit
If you pass up on me, you miss an opportunity
2019 Max Julien
Number one spot, I bet you see me movin' in
Extra fess, like a janitor pullin' out extra keys
That's from having multiple spots for my peace
Tryna get my zen on bad bitches and trees

And I've been through so much I can't see myself fall
(I can't fall, [?])
It's just my call
(It's my call, it's my call)
Came too far just to fall
(Came too far now to fall)
Why not just fall?

Yeah, Rockefeller
Def Jam '97, that's how I'm feelin'
Death row '93, what I am on, see no ceilings
Motor 2020, I'm promisin' major filmin'
Big movies is [?]
Off yak, but I'm [?]
Finna be a star
Reignin' on your parade, you orange juice jones
Ore is too strong
What you call hot, to me is luke warm
Exit out house, in my head I hear trumpets
World is my stage, I'm who she came to fuck with
She ain't never rapped in her life, but finna bust it
Buggers in the buzzdown, bust and open up the budget

And I've been through so much I can't see myself fall
(I can't fall, [?])
It's just my call
(It's my call, it's my call)
Came too far just to fall
(Came too far now to fall)
Why not just fall?
