

# Come Over

Coco Jones

What are you on  
What are you up to  
I'm in my bed and  
I'm thinking bout you  
Where are you going  
Who got your late night  
I'm in my bed and  
Something don't feel right

We could be boo'd up  
You and me  
Weekend fantasy  
Drinking Hennessy  
Till infinity  
So you come fill me up  
I pretend it's love  
I can't get enough  
Uh huh...

If you wanna come over  
Wanna come over  
We be on something  
We could just do nothing  
If you wanna come over, wanna come over, wanna come over  
Just hit my phone up  
If you wanna come

Where is this going  
I know that I asked for one night  
I'm lost in moment  
Body so warm and vibe right  
It's you and I know it  
You could be more than just side  
So where is this going  
Where is it going baby

We could be boo'd up  
You and me  
Weekend fantasy  
Drinking Hennessy  
Till infinity  
So you come fill me up  
I pretend it's love  
I can't get enough

If you wanna come over  
Wanna come over  
We be on something  
We could just do nothing  
If you wanna come over, wanna come over, wanna come over  
Just hit my phone up  
If you wanna come

Whoo, ah  
You and me  
Weekend fantasy  
Drinking Hennessy

Ooh oh  
So you come fill me up  
I pretend it's love  
Get enough of you baby

If you wanna come over  
Wanna come over  
We be on something  
We could just do nothing  
If you wanna come over, wanna come over, wanna come over  
Just hit my phone up  
If you wanna come

Hey, just hit me up, baby
