

# Honesty

Coco Jones

You say one thing  
Then you mean another  
You play me and stay  
Like I really love her  
You hit me up like, "I was sleep"  
But I just read your last tweet

All that I want is honesty  
All I want is maturity  
All I want is somebody  
That really means it  
That really means  
All I want is security  
All I want is the real thing  
All I really want is somebody  
Who knows how to feel

All that I want is honesty  
I want your time  
All that I want is honesty  
You're just my type  
Maybe I'm in the wrong (in the wrong)  
Maybe I'm really numb (really numb)  
All I want is honesty (lotta love)  
'Cause I swear I can't read you

Feelin' like I can't read you (feelin' like I can't read you)  
Read you  
Feelin' like I can't read you (feelin' like I can't read you)

'Cause I think deep like I'm under water  
( 'Cause I'm feelin' like I'm ready)  
And you don't care  
Do you even wanna?  
(And I'm tired of complaining)  
You turn me on  
And then you don't  
Show me I'm wrong (that I'm wrong in what I'm sayin')

All I want is honesty  
All I want is maturity  
All I want is somebody  
That really means it  
That really needs  
Need to feel like priority  
Need to give me some clarity  
All I really want is somebody  
Who knows how to feel

All I want is honesty  
I want your time  
All I want is honesty  
You're just my type  
Maybe I'm in the wrong (in the wrong)  
Maybe I'm really numb (really numb)  
All want is honesty (lotta love)  
'Cause I swear I can't read you

Loving you is never easy  
You say you don't, but I know you need me  
Oh I, oh I, yeah, yeah  
Loving you is never easy  
You say you don't, but I know you need me  
Oh I, oh I

All that I want is honesty  
I want your time  
All that I want is honesty  
You're just my type  
Maybe I'm in the wrong (in the wrong)  
Maybe I'm really numb (really numb)  
All I want is honesty  
'Cause I swear I can't read you

Feeling like I can't read you (read you)  
Feeling like I can't read you
