

Super Powers

Cocoon

When I grow up I wanna be a sheperd,
Walking for miles across the rivers.
Fighting with wolves with the fire I'd make,
Healing my sheep with my super powers.

From the dawn to the setting sun,
Looking at the shape of clouds,
Making sure the world keeps spinning,
Making sure that you're alright.

When I grow up I wanna be a sheperd,
Walking for miles across the rivers.
Someday I know I may feel lonely,
Mourning all day when a planet dies.

From the dawn to the setting sun,
Looking at the shape of clouds,
Making sure the world keeps spinning,
Making sure that you're alright.
