

Love Protocol

Coheed and Cambria

You locked a knife inside my heart
Buried a key inside my mind
The maps surveyed, the X you chart
Where our hands go to hide

Will our needs stay level
As the terrain starts to grade high?
Should I remain unsettled?
Watch goodnight turn to goodbye
Goodnight turn to goodbye

Hold on to me
Tell me you've got me, sweetheart
The world is going dim in my gaze
Sweet vertigo
Feel my lungs heaving, choking
Clawing down my back, panic attack
I'm alone, watch me float as I fall

The soundtrack placed over this heart
It shares no rhythm of mine
It juts and sways, it ends and starts
All in and out of our time

Oh, I can be your dancer
The one you set within your sights
When I admit surrender
Then maybe goodbye will turn to goodnight
Goodbye will turn to goodnight

Hold on to me
Tell me you've got me, sweetheart
The world is going dim in my gaze
Sweet vertigo
Feel my lungs heaving, choking
Clawing down my back, panic attack
I'm alone, watch me float as I fall

Oh no, we have been cursed
The stage set for a tragic verse
Our love protocol romance
Our air drained of happenstance

What have we turned ourselves into?
This abstract personnel

Hold on to me
Tell me you've got me, sweetheart
The world is going dim in my gaze
Sweet vertigo
Feel my lungs heaving, choking
Clawing down my back, panic attack
I'm alone, watch me float as I fall

Oh, watch me float
Oh, watch me float
Watch me float as I fall
