

Teenage Love Affair

Cold Chisel

I met my baby on a Friday night
I met my baby on a Friday night
I met my baby on a Friday night
She said "rock'n'roll me" everything's gonna be
Alright alright alright
I took my baby to a movie show
I took my baby to a movie show
I took my baby to a movie show
Saw a guy O.D.ed in the third back row
Singin' go cat go cat go"
I walked my baby down beside the sea
She was white as a feather, high on DDT
I'm all strung out, my baby's lookin' old
She's been drained, cashed, refilled
And now resold
I left my baby in a seaside bar
I left my baby in a seaside bar
I left my baby in a seaside bar
Said you take the kids, I'll take the car
Gonna leave this town behind"
