Coldplay

Coloratura

We fell in through the clouds  
And everyone before us is there welcoming us now  
It's the end of death and doubt  
And loneliness is out

Coloratura

The place we dreamed about  
The melodies inside yourself  
And love come pouring out  
And everyone's allowed  
We're feathered by the crowd

And up there in the heavens  
Galileo and those pining for the moon  
Know it's a slow burn

Through Pioneer and Helix  
Oumamama, Heliopause, and Neptune  
We're a slow burning tune

But we'll get there  
So for now  
In this crazy world, I do  
I just want you

In the end, it's all about  
The love you're sending out

And up there in the heavens  
The explorers who've all gathered by balloon  
Saw the world turn

Through Voyager, Callisto, Calliope  
Betelgeuse, the neon moons  
We're a slow burning tune

But we'll touch down soon  
So will you  
And in this crazy world, I do  
I just want you

And up there in the heavens  
Galileo saw reflections of us too  
Pluribus unum, unus mundus  
And all the satellites imbue  
The purple, yellow, green, red, orange and the blue  
Oh, it's a crazy world, it's true

Sing it out  
Oh-oh-oh-oh, oh-oh-oh-oh  
Oh-oh-oh-oh, oh-oh-oh-oh

And in this crazy world, I do  
I just want  
In this crazy world, it's true  
I just want you

Poets prophesy up in the blue  
Together, that's how we'll make it through
