

The Hardest Part

Coldplay

Emi **C**
And the hardest part
 G **Hmi**
Was letting go, not taking part
Emi **C** **G Hmi**
It's the hardest part,
Emi **C**
And the strangest thing
 G **Hmi**
Was waiting for that bell to ring
Emi **C** **G Hmi**
It was the strangest start,

C **G Hmi**
I could feel it go down
C **G** **D**
Bittersweet I could taste in my mouth
C **G Hmi**
Silver lining the cloud
Oh and I...
I wish that I could work it out

Emi **C**
And the hardest part
 G **Hmi**
Was letting go, not taking part
Emi **C** **G Hmi**
You really broke my heart...oh
Emi **C**
And I tried to sing
 G **Hmi**
But I couldn't think of anything
Emi **C** **G**
And that was the hardest part

C **G Hmi**
I could feel it go down
C **G** **D**
You left the sweetest taste in my mouth
C **G Hmi**
Silver lining the clouds
C
Oh and I
G
Oh and I
Hmi **C**
I wonder what it's all about

C G D
Everything I know is wrong
 C **G** **D**
Everything I do, it just comes undone
 C G F
And everything is torn ...a part

C
Oh and it's the hardest part

D

That's the hardest part

C

Yeah that's the hardest part

D

That's the , hardest part
