### Collective Soul

Hey you're now thirsty  
Walking in the desert all alone  
Hey you're now searching  
Lost in isolation from your soul  
The bullets you bite  
From the pain you request  
You're finding harder to digest  
And the answers you seek  
Are the ones you destroy  
Your anger's well deployed

Hey why can't you listen  
Hey why can't you hear  
Hey why can't you listen  
As love screams everywhere

Hey you now hunger  
Feeding your mind with selfishness  
Hey you now wander  
Aimlessly around your consciousness  
Your prophecies fail  
And your thoughts become weak  
Silence creates necessity  
You're clothing yourself  
In the shields of despair  
Your courage now impaired

You crucify all honesty  
No signs you see do you believe  
And all your words just twist and turn  
Reviving just to crash and burn  
You're fighting till the bitter end  
If only your heart could open up  
And listen
